Dr. Leonidas H. Berry, Coordinator  
Medical Counseling Clinics  
Department of Public Health  
Division of Hospitals and Chronic Illness  
412 East 47th Street  
Chicago 15, Illinois

Dear Doctor Berry:

I can understand your anxiety to get an overall report of the activities of the Medical Counseling Clinics during its period of functioning at the University of Illinois.

I have been trying to get the necessary information for a report from its leading participants here, Dr. Vin Rosenthal and Mrs. Walters, since the time just before the clinic ceased operation. Mrs. Walters prepared a very excellent report from the Social Worker's viewpoint and submitted it several months ago. I have not seen Dr. Rosenthal's report yet but I was informed over the telephone this morning that it had been received by Dr. Sherman, apparently within the past few days.

So that there would be no further delay, I requested Dr. Sherman to prepare her final report and send it directly to you without waiting for me to review it.

Sincerely yours,

Francis J. Gerty, M.D.

FJG/e

P.S. My letter was held for my signature as I had to be absent to attend to University business in Urbana September 28th. Meantime, Dr. Sherman had prepared a report and sent it to you. I have just read it. I hope it suits your present purpose.
