Dear Leonidas:

The program committee of the 1968 meeting of The American Society for Gastrointestinal Endoscopy informs me that it was not possible to include your paper "The Training of a Gastroscopist" among those to be presented at the Philadelphia meeting this year. It is planned to publish your abstract in the official program as read "by title."

May I encourage you to proceed with preparation of the full manuscript for possible publication in GASTROINTESTINAL ENDOSCOPY. As you know, determination of suitability for publication and for presentation at the meeting are independently made.

Kindest personal regards.

Sincerely yours,

Vernon
