Dr. Gatsuji Kurahashi
Department of Medicine
Wakayama Medical College
Wakayama, Japan

Dear Doctor Kurahashi:

I received your letter of a few weeks ago, at which time I was out of town. At the present time I have no opening in my endoscopy service at the County Hospital. However, there may be such an opening in the future.

Please let me know how much experience you have had with the gastro-camera and with the gastro-camera fiberscopes. Secondly, do you feel that your command of the English language would permit you to assist in teaching endoscopy.

It would be interesting to us to know who referred you and to whom would you refer us for recommendation, if and when we should have an opening in the future.

Very truly yours,

Leonidas H. Berry, M.D.
