Dear Dr. Loudon:

This is to thank you very, very much for sending me the book titled: "THE LIFE OF JOSIAH HENSON". I had not seen this book and I am very delighted to have it.

I hope you are doing a lot of gastroscopies these days and I would like to see you attend the ASGE in the future. I will be leaving to attend this meeting in a few days in Miami and I hope that it just might be my good fortune to see you. If you are still active in this work and would like to join the Society sometime, I would be very happy to sponsor you.

With sincerest regards and best wishes, I am

Very truly yours,
