Milanes, F.

Dr Fernando Milanes  
601 Navane Avenue  
Coral Gables, Florida

Dear Dr Milanes:

Thank you very much for your efforts in trying to help me locate the lost Gastroscope. I came back through Miami on November 11th. No word had been received at the P A A or the Port authorities. I am enclosing herewith check to cover the cost of the Ad.

I am happy to hear that you may get a position in Florida. I certainly hope that it comes through, and that things will soon straighten out so that you may return to your normal life in Havana. I have told some of the men here about your plight and they are all deeply concerned.

With sincerest regards and best wishes, I am,

Yours very truly,

Leonidas H. Berry, M. D
