June 8. 1954

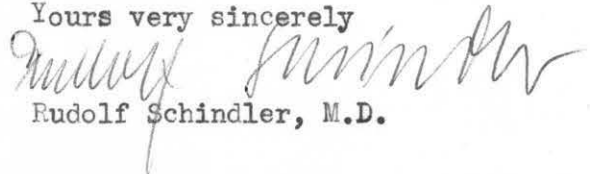

Leonidas H. Berry, M.D.
412 East Forty-Seventh Street
Chicago 15, Ill.

Dear Doctor Berry:

Many thanks for your letter. I was very happy to hear again from you. I am sorry that I will not see you in San-Francisco. If you go to Europe in the summer time you may miss many of the people you want to see because they may be in their vacations. However I am enclosing an introduction to Dr. Moutier in Paris, to Prof. Meulengracht in Copenhagen, to Dr. Rodgers and Dr. Hancock in London; furthermore to Dr. Bonadies in Rome. If you should happen to be in Rome after September 14th you may see perhaps Prof. Mario Girolami who stayed with me for several months here in Los Angeles.

With the kindest regards, to you and your family,

Yours very sincerely

Rudolf Schindler, M.D.
